Product Specification

Material

Solder Pin:

Copper Alloy Tin plated

Housing:

PA46

Lever:

PA46

Clamp

Steel

Electrical

Rated voltage:

300V

Rated current:

10A

Insulation resistance:

500MΩ / DC500V

Withstanding voltage:

2000VAC / 1 minute

Suitable wire range:

AWG 28~16 (1.5mm²)

Mechanical

Temperature range:

-40°C ~ +120°C

Through hole reflow
soldering temp.

260°C

PCB hole dia:

1.0-1.1mm

				Description:	General specifications for Euro Style PCB Terminal Block.
